

Connect it Power RS cables

High performance cables for Power Box components

- High conductivity power cable with improved shielding
- Replace standard power connections, which come with Power Box components
- Avoids cable spaghetti through individual lengths
- Available in 0,20 - 0,41- 0,82 - 1,23 - 1,85m

Due to optimized power transmission, an ultimate level of audiophile performance can be reached.
To make usage of all Power Box models with dedicated Box design components even more convenient, we offer these special high quality power cables in 5 different lengths.

⇒ Chart underneath will help you to find correct cable.
For order, just add desired length!
