STEREO-TEST™

SOUND QUALITY **52%**

VALUE FOR MONEY

OUTSTANDING

Tuning:

... with RCA-CC cable, leather mat and Speed Box II
 Pro-Ject's RPM 1.3 Genie costs about 600 Euros.
 But you will definitely have a better sound quality than without and you can be sure to have made the most out of this Low-cost turntable.

Pro-Ject Speed Box II

Leather, Felt, Cork mats

Ortofon 2M Red + Blue

Pro-Ject Connect-it

COMMENT

The small Pro-Ject turntable is very sensible to all kind of tuning, like a real highend turntable. Differences may not be as big as with the top spinners, but they are definitely here. Exchanging the mat, needs a change of tonearm height, if not doing so potential gets lost. It is great fun to get more and more of the quality out from this solid and well-made turntable. Chosen upgrades are all within budget price range and can be added step by step.
