

AMP BOX RS

High end Stereo power amplifier

MSRP 899 € (incl. VAT)

- Fully balanced double mono design (Pulse Wave Modulation)
- Highly efficient conversion from mains to output power (92%)
- 2 ohms drive capability
- Tube buffer stage with reference quality
- SMD construction for shortest signal paths
- Line level preamp inputs (RCA & XLR)
- Top-quality speaker terminals
- Luxury metal casing protects against vibration and interference
- Available in silver or black
- Optional Upgrade: Linear power supply PS Box RS for higher power output and further improved sound quality

colour options:

Tube assembly: 2 x ECC88 (6922)

Power output: 2 x 110W / 180W @ 8 ohms / 4 ohms
(2x 180/250 W @ 8/4 ohms with PS Box RS)
2 ohms drive capability

Frequency response: 20Hz - 50kHz (-0,8dB, -3dB)

Signal to noise ratio: >-100dB (IEC -A)

THD: < 0,05% @ 100W

Input: RCA & XLR-sockets

Input sensitivity: 1,35V

Input Impedance: 22kohms

Speaker terminals: 4mm Ø Banana, spade or bare wire

External power supply: 48V/2,5A DC; 100 - 240V, 50/60Hz

Standby consumption: < 1watt

Dimensions W x H x D: 206 x 72 x 200 (220mm with sockets)

Weight: 2120g without power supply

Ultimate highend sound with high efficiency in a compact luxury casing!

Four specific characteristics make this a true high end amplifier: 1. Fully balanced double mono design 2. Highly efficient energy saving PWM modules 3. Tube buffer input stage 4. Upgrade option PS Box RS for more power and further improved sound quality. Amp Box RS offers 3-dimensional sound-staging, perfect micro dynamics and ultimate resolution combined with high power output and 2 ohm capability and also is the perfect solution for Bi- or Tri-Amping applications. Amp Box RS is the perfect companion for Pre Box RS and will give pure sound experience, that the real audiophile is

looking for. Because of its heat emission Amp Box RS luxury casing, which is available in silver or black finish should not be combined with Design Box Acryl.
