

Tube Box S

MM/MC phono preamplifier with tube output stage

MSRP 349 € (incl. VAT)

- Audiophile Performance
- Audiophile-grade ECC83 tubes (12AX7)
- Dual mono configuration
- Audiophile-grade polypropylene WIMA capacitors
- Precise RIAA equalisation
- Switchable input impedance/capacitance
- 3 adjustable gain levels
- Subsonic filter
- Outstanding sound quality

Color options:  

Input impedance: 10/100/1k/2k ohms(MC)/ 47k ohms (MM)

Input capacitance: 50/150/270/370pF

Gain switch: 41/51/61dB

Rauschabstand:

MM (41 dB): 84dB (94dB – IEC -A)

MC (51/61 dB): 67dB (75dB - IEC -A)

THD: 0,01% MM/ 0,05% MC

RIAA deviance: max. 0,4dB / 20Hz - 20kHz

Subsonic filter: -12dB @ 20Hz (non switchable)

In/Out sockets: 1 pair RCA connectors

power consumption: 470mA / < 1 watt in standby

oversized power supply: 18Volt DC/1000mA

Dimensions (WxHxD): 103 x 74 x 104 mm

103 x 74 x 115 mm (with sockets)

weight: 810 g net

**Tube Box S: audiophile,
versatile & affordable!**

This new phono preamplifier with tube output stage offers unrivalled performance and unique flexibility, which never before was available at this price! Sonic quality of Tube Box S is extremely impressive, a big improvement to Phono Box S and an audiophile upgrade for most analogue hifi system. With a wide range of setting parameters, it can meet the needs of almost any phono cartridge on the market. Carefully selected audiophile-grade components make it possible to enjoy your valuable vinyl collection like never before!
