

STEREO BOX S PHONO

Stereo integrated amplifier with phono input

MSRP 359 € (incl. VAT)

Color options:

- 2x 37 watts @ 4 ohms
- 2 ohms drive capability
- Low noise pure analogue audio circuitry
- Dual mono design principle
- 3 stereo line & 1 phono input (RCA)
- MM capability
- Fixed line level record output
- Variable line level output
- Motor drive potentiometer
- IR remote included
- High class metal casing

Power output: 2x 25W / 30W at 8 / 4 ohms

Frequency response: 20Hz - 20kHz (+0dB, -0,5dB)

Stereo inputs: 3 pair RCA/Cinch sockets stereo line,
1 pair phono MM input (RCA)

Signal-to-noise ratio: > -100dBA

RIAA equalisation accuracy: 20Hz - 20kHz (+/-0,5dB)

Stereo outputs: Stereo RCA (variable level) 3,5mm
jack (fixed level)

Speaker connectors: 4mm Ø banana plugs,
spades connectors or naked wire

Power supply: 20V/3A DC; 100 - 240V, 50/60Hz

Standby Power consumption: < 1 watt

Dimensions W x H x D with sockets: 206 x 36 x 150
(153mm with sockets)

Weight: 1120 g without power supply

Stereo Box S: integrated amplifier with phono & line inputs

This small audiophile integrated amplifier strictly follows our less is more principle in a pure analogue circuitry. Therefore it offers „strictly analogue“ line level inputs and a high-quality phono preamp. If digital input options are needed, just add one of our DAC Box components and you will get analogue and digital input options and best possible audio reproduction!

4 stereo line level inputs (RCA) and a built-in phono input guarantee lifelike performance out of a stylish amplifier. Stereo Box S Phono offers low noise and solid output power for audiophile playback at surprisingly low cost. An IR remote comes with the unit and makes usage a piece of a cake. The massive metal casing is elegant and effectively protects against interferences. Stereo Box S Phono is available in silver or black.
