

## 2XPERIENCE SB DC

### Top-grade turntable with 9" EVO tonearm & cartridge

n/c MSRP 1099 € (incl. VAT)

2M silver MSRP 1199 € (incl. VAT)

Matt surfaces: 

High gloss color options: 

- Electronic speed control with 33/45 rpm speed change, which acts as "Speed Box" with ultimate speed stability
- Precision balanced sandwich-platter with vinyl mat
- Record clamp tightens record to platter
- MDF chassis
- Audiophile grade 9" EVO carbon tonearm
- Inverted tonearm bearings (ABEC 7 quality)
- Available with or without 2M Silver phono cartridge
- 2M Silver cartridge with silver voice coils is pre-mounted
- 3 matt finishes (eucalyptus, palisander, walnut) and 3 high-gloss finishes (HG black piano, HG mahogany, HG olive)

**Speed:** 33, 45 (electronic speed change)  
**Drive principle:** belt drive  
**Platter:** 300mm MDF  
**Mains bearing:** stainless steel  
**Wow & flutter:** 33: +/-0,12%; 45: +/-0,11%  
**Speed drift:** 33: +/-0,12%; 45: +/-0,28%  
**Signal to noise:** 70dB  
**Tonearm:** 9" Carbon EVO  
**Effective arm length:** 230 mm  
**Effective arm mass:** 8,5 g  
**Overhang:** 18 mm  
**Tracking force:** 10 - 30mN  
**Included accessories:** 15 volts DC / 800 mA power supply, dust cover  
**Power connection:** 110/120 or 230/240 Volt - 50 or 60 Hz  
**Power consumption:** 4 watt max / < 0,5 watt standby  
**Dimensions:** 460 x 160 x 360 mm (WxHxD) lid closed  
**Weight:** 8 kg

## Outstanding performance from a compact and luxurious turntable configuration

2Xperience SB DC is based on the 2Xperience belt-drive concept which incorporates over 20 years of turntable design experience. The addition of precision motor control with electronic speed changing and a highend 9cc Evolution carbon fiber tonearm means playback quality is vastly improved. The heavy chassis is made from MDF using a non-resonant construction technique. The turntable platter is built with heavy, non-resonant materials in a precisely balanced sandwich configuration. A vinyl layer acts as the perfect turntable mat. A screwable and light-weight record clamp eliminates unwanted record

vibration and rumbling of the main platter bearing. The audio performance of the final product benefits from the resonance-free platter, avoiding the ringing effect of common metal and glass platters.

The 2Xperience SB DC is not only equipped with a highend tonearm, but comes with a pre-fitted Ortofon 2M Silver magnetic cartridge that makes use of silver voice coils. An acrylic dust cover is also included. While audio electronics are often hidden and controlled by phone or tablet apps, the analog record player again is put in scene as the center of a hifi system and proudly presented like high-quality speakers. The new satin real wood turntable surfaces seamlessly fit the latest furniture trends (eucalyptus, walnut, palisander), additionally three classic high-gloss finishes (black lacquer, mahogany, olive) are available.

eucalyptus

palisander

walnut

mahagoni

olive

black piano
