

## Three awards for Pro-Ject at German Design Award 2019

With the Essential III Flexi Range, the Pre Box S2 Digital (in the Entertainment category) and the VT-E BT (in the Lifestyle and Fashion category), Pro-Ject has now been honored at the German Design Award 2019.

### Essential III Jury statement

„Outwardly combining looks with performance, the range of turntables are understated yet high-quality and seemingly encompass all features that a user could want in their selected editions.“

### Pre Box S2 Digital Jury statement

„An eye-catching outwardly well-built digital micro preamplifier that has a very small footprint. It is packed full of features and includes a user-friendly volume control knob and seemingly clear, legible screen.“

### Jury statement VT-E BT

„This high quality, well-built and innovative vertical turntable appears to push the boundaries of audio equipment to new levels. Using simple lines that bely complex technology, the turntable is both ground breaking and timeless in its appearance whilst also excelling in functionality.“

### The German Design Award

This award directly contributes to the overall commercial success. Prizes will only be awarded to projects that truly represent pioneering contributions to the German and international design landscape. The highly esteemed, international jury guarantees this. The German Design Award identifies and presents unique design trends: a competition that advances the design-oriented scene.

### HiRes Pictures

Pro-Ject was founded in 1991, during the onslaught of the compact disc and CD players, with the mission to offer the best analogue experience for reasonable prices. In a time where the digital audio media had been on the rise, and vinyl was declared as outdated and dead, Heinz Lichtenegger kept his belief in the simple but best way to enjoy music – turntables.

Our aim is to get as many people as possible into the wonderful hobby that is HiFi audio and to deliver a real stereo experience for the lowest cost possible. The best way to start there is with a proper turntable. We want to give the customers back the right to choose what they need, without overblowing our products with unnecessary features.

Here at Pro-Ject we strive to create astonishing products with impeccable value. We only use the best components for the price and manufacture our handmade goods solely in Europe. With an eye for future trends we are always trying to fit the needs of the market.

Our passion and drive has been recognized by many acclaimed magazines. We have won multiple awards from the renowned HiFi press for our turntables and electronics over the years. Our products have also been used in countless TV shows and movies.

With cutting edge technologies and machines, we are able to create visually pleasing products without losing the eye for the finest details. We are closely working with partners of the music industry, such as Universal Music Group (The Beatles), Third Man Records (Jack White), The Rolling Stones, Parov Stelar or the world famous Hard Rock Café. Many industry leaders also cooperate with us, like the Vienna Philharmonic Orchestra or Ortofon for their jubilees. With these partners, we create special limited edition products to give our customers even more choices.
