## **...AND VINYL FOR ALL**

The Metallica Team reached out to us and chose Pro-Ject as their partner for a Metallica-themed record player. Pro-Ject Audio Systems is proud to announce the Metallica turntable. The Metallica turntable continues our tradition of collaborations with artists.

### ***Master of Vinyl***

We treated the surface of this deck with a mirror-finished metal logo contour that gives the player its distinctive look. The S-shaped tonearm is fitted with a detachable headshell to allow quick cartridge changes.

When you rock vinyl on this deck  
– ***nothing else matters.***
