DEBUT PRO S

Pro-Ject
AUDIO SYSTEMS

Where size matters.

10" S-Shape tonearm.

Record Puck

Securely stabilizes your records on the platter.

Aluminium Platter

The non-magnetic aluminium platter has a ring made of TPE (thermoplastic elastomer) on the underside of the rim which minimizes potential resonances and adds rotational mass.

Satin Black MDF Plinth

No graphics. No printing. No logo. Just a clean, timeless design.

33 / 45 & 78* RPM Switch

Effortlessly change playback speeds with the neatly hidden rocker switch.

* 78 RPM speed involves manual belt change.

Tonearm bearing

Secured within a solid block of CNC-machined aluminium.

Aluminium tonearm base

Allows for adjustable VTA, to change the tonearm's height.

Tonearm

Aluminium. S-Shaped 10 inch. Tonearm with detachable headshell for easy cartridge swapping.

Pick it S2 C

Supplied pre-installed, for hi-fi playback straight out of the box.

Aluminium Feet

Enthroned on three height adjustable damped aluminium feet to guarantee the perfect stand.

Weight: 8 kg

Dimensions: 462 x 113 x 335 mm (W x H x D)
