

Handcrafted
with care.

MADE IN EUROPE.

XA B

A CLEAR LINE IN SIGHT

Premium Tonearm

A premium 10" one-piece aluminium tonearm with a massive bearing construction.

Adaptive anti-skating

As the skating force varies between the inner and outer grooves of the vinyl record, our anti-skating mechanism adjusts accordingly.

4 pin point bearing

The precise cardanic tonearm bearing with 4 stainless steel tips offers very low friction and best stability.

True Balanced Ready

The XA B is capable for balanced audio signals, a stable & interference-free connection, which allows to to remove picked up noises.
