

SCHICK SISTERS & FRIENDS

„Stories – A Family Affair“

The intimate acoustic trio Schick Sisters from Austria presents its concert programme 'Stories – A Family Affair' with a large ensemble, including live recording at Pro-Ject headquarters.

'Stories – A Family Affair' is all about authentic music, profound lyrics and harmonious triads. Here, soulful vocals, acoustic instrumentation and emotional stories merge into a unique musical experience.

Music written by life itself.

The songwriting sister trio is expanded and enriched instrumentally by their friends from the Austrian music scene.

From acoustic pop to jazz to classical music: different musical genres meet and combine on an equal footing – a musical family affair, typically made in Austria.

With the opportunity to bring their 'Sisters' Sound' live and analogue to vinyl, this concert fulfils a long-standing dream of the Schick Sisters and their fellow musicians.

Here, live feeling and analogue sound go hand in hand – the best thing that can happen to musicians and live music lovers.
