High quality OFC copper speaker cable

E1: A turntable for everyone

The E1 Phono SE from Pro-Ject Audio Systems is the first E-Line turntable, aiming to deliver a great sound experience on a limited budget, hand made in Europe. It doesn't matter if you are a beginner, returnee or experienced vinyl fan. The E1 won't disappoint you!

Our Plug & Play design with pre-adjusted tracking force and anti skating by our experienced technicians in the factory provides you the best settings for your turntable. Just lean back and enjoy your favourite records.

The internal phono preamplifier allows you to directly connect your turntable to a line level (CD) input.

Handmade in Europe

The stylish CNC-machined composite fibre plinth, available in silver and space grey, is carefully manufactured to ensure there are no hollow spaces inside.

The lightweight and low friction 8,6" aluminium tonearm is optimized for the high quality Audio Technica AT 3600 L cartridge and will bring out its maximum potential.

The new ABS Polymer main platter is strengthened with purpose-designed ridges in order to create an ideal, anti-resonant platform for your vinyl.

To protect your E1 Phono SE from dust, you will also find an elegant acrylic dustcover with adjustable hinges in the box.

Boasting premium materials, stylish aesthetics and a rich, lively sound, the extensive development process has ensured that there has been no compromise in the sound performance despite such an affordable price.

Everything you need in one device

Housed in a sleek aluminum shell, the compact WiiM Amp offers versatile placement options. Inside, premium components and innovative circuitry ensure robust, crystal-clear amplification. A custom-designed heatsink ensures optimal thermal performance.

Don't let its compact design fool you – it packs 60 Watts per channel at 8 ohms, and 120 Watts per channel at 4 ohms. Transform your passive speakers into smart audio powerhouses.

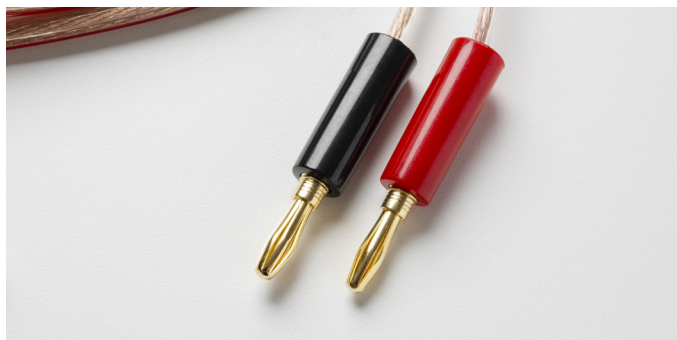

Speaker Box 5 E Carbon

The Speaker Box 5 E Carbon features a 1" silk dome tweeter, paired with a special 5" fiber glass carbon composite woofer. Mounted into an ultra stiff non resonating MDF cabinet, these chassis deliver an audiophile music reproduction.

The speaker delivers an audiophile flat frequency response from 65 to 20.000 Hz with flawless details. It offers a tight powerful bass & keeps the musicality alive.

The look of the Speaker Box 5 E Carbon is subtle but classy, allowing it to be included in any interior style.

Connect it LS E Flex

Connect it LS E Flex is a high purity oxygen free copper speaker cable with gold-plated banana plugs. Due to its high flexibility it allows a very easy installation. The cables come in a pre-configured 3m stereo set.

E1 Phono SE

- Built-in switchable phono preamplifier
- 8,6" tonearm with aluminium tube
- Anti-resonant ABS polymer main platter
- Damped DC motor
- Pre-adjusted Audio Technica AT 3600 L
- High quality phono cables (1,23 m)

WiiM Amp

- Versatile high-quality streaming amplifier
- 120W per channel at 4 ohms
- High-resolution 24-bit 192kHz audio
- ESS 9018 K2M DAC
- Multi-room audio with seamless control
- Wi-Fi & Bluetooth connectivity
- Compatible with Spotify, Apple Music, and many more
- Compact design
- Easy controls with the WiiM App

Connect it LS E Flex

- Golden plated banana connectors
- Oxygen-free copper (OFC)

Speaker Box 5 E Carbon

- 2-way bass reflex principle
- Audiophile frequency response
- Cutting edge fiber glass carbon composite woofer
- Low coloration and great transparency
- Highly detailed sound stage
- Gold plated banana terminals
- Non-resonating MDF cabinet
- Wall mount sold separately
- Magnetic speaker grills included

E1 Phono SE:

Speed: 33, 45 (electronic speed change)

Drive principle: belt drive, electronic speed control

Platter: 300mm with felt mat

Wow & flutter: 33: +/-0,25%; 45: +/-0,23%

Speed drift: 33: +/-0,70%; 45: +/-0,60%

Signal to noise: 65dB

Tonearm: 8,6" aluminium

Effective arm length/mass: 218,5 mm / 7,0 g

Overhang: 22mm

Included accessories: 15V DC / 0,8A power supply, dust cover, 7" single adapter

Power consumption: 4,5W / 0W standby

Dimensions: 420 x 112 x 330mm (WxHxD)

Weight: 3,5 kg net

WiiM Amp:

Power output: 2x 120 W at 4ohms (1% THD)

Analog Out SNR: - 108 dB

Inputs: HDMI Arc, Optical, Line, USB Disk

Outputs: Banana (x2), Subwoofer, USB

Power amplifier: Texas Instruments TPA3255

THD+N (Analog Out): -92dB (0.0025%) at 5W

Analog Input (ADC): Up to 192k, 24 bit

Included accessories: Power cable, RCA Cable, Optical Cable, HDMI Cable, Remote Control

Dimensions WxHxD: 190 x 64 x 217 mm

Weight: 1840 g without power supply

Speaker Box 5 E Carbon:

Nominal impedance: 4 Ohm

Recommended amplifier power: 10 to 150 Watts

Tweeter: 25 mm Ø silk-dome, Neodymium magnet

Woofer: 130 mm Ø fiberglass cone

Dimensions: 165 x 270 x 220mm (WxHxD)

Frequency response: 65 Hz - 20 kHz

Included accessories: Speaker grills (black)

Weight: 4,76 kg
