Speaker Box 5E Carbon

Colourful Audio System E

Designed for those who want a complete, high-quality vinyl setup at the most accessible price point. By combining European-engineered design with global manufacturing for the speakers and amplifier, we've created a budget-friendly system that delivers authentic sound without the premium price tag. It's the perfect way to start your analog journey without compromise.

The Debut E focuses on the core aspects that make a turntable sound great. Technically correct design - expert craftsmanship - handmade in the EU. This turntable is built to last you a lifetime! The solid MDF plinth without any hollow spaces and a heavy weight steel platter establish the perfect base. Paired with a premium aluminium tonearm and the Ortofon OM5e cartridge a high quality sound reproduction is guaranteed.

Stereo Box E offers a phono RCA input for MM cartridges as well as two line RCA inputs for e.g. the CD Box E. You can also connect digital sources like your TV or a CD transport via the coax or optical S/PDIF inputs. If you want to stream your music from your mobile phone, tablet or pc you can simply connect to the high definition AptX HD capable Bluetooth

HiFi Stereo in 6 Colours. Most accessible price point.

input with a sound quality up to 24-bit & 48kHz. The Stereo Box E also provides versatile output options. Use your favourite headphones to privately enjoy your favourite tracks or connect your speakers with the 4mm banana plugs. The variable RCA output also allows you to include a subwoofer or another power amplifier in your setup. With the supplied remote control you are able to analogue change the volume with the motor driven potentiometer and switch your input.

The Speaker Box 5 E Carbon features a 1" silk dome tweeter, paired with a special 5" fiber glass carbon composite woofer. Mounted into an ultra stiff non resonating MDF cabinet, these chassis deliver an audiophile music reproduction.

Colourful Audio System 2

For those who value local craftsmanship and superior materials, the Colourful Audio System 2 is the ultimate choice. Every component in this set – from the turntable to the amplifier and speakers – is proudly made in Europe. At its heart lies the new Debut EVO 2, featuring a high-end carbon fiber tonearm and a premium cartridge for noticeably more detail. This investment not only offers more refined features and versatile connectivity but also ensures the highest standards of European manufacturing, making it a sustainable and polished upgrade for your home.

The Debut EVO 2 turntable features a premium 8,6" carbon fiber tonearm with a massive aluminium bearing construction. The low friction tonearm bearing guarantees precise, stable and accurate tracking. Carbon gives the tonearm a high degree of rigidity while keeping the weight really low. The one-piece arm and headshell design prevents unwanted resonances and offers a solid physical bond to the cartridge. The new TPE damped counterweight reduces arm-cartridge resonances by as much as 50%. This superb built tonearm delivers an ultimate sound quality with a convincing sound stage.

HiFi Stereo in 9 Colours. Made in Europe.

The MaiA (My Audio Integrated Amplifier) S3 is the all in one solution for your hifi system. Not only the circuit design was reworked, also the case has been significantly changed and the MaiA S3 uses our new S3 case. Due to the bigger size we were able to improve the circuit board layout in terms of electromagnetical interference. With its 8 inputs you are ready for any kind of source device. Compared to the Stereo Box E, the MaiA S3 features a beautifully finished full-aluminium case, for a more premium look, luxurious haptics and feel.

The Speaker Box 5 S2 is characterized by its spacious and detailed sound. A 25 mm silk dome tweeter delivers cristal clear highs, the 130 mm fiberglass cone gives full-bodied and lush mids as well as punchy and tight bass. The Speaker Box 5 S2 is manufactured only with the highest quality materials and to 100% in Europe. Like the Debut EVO 2, it features a satin, 8-layer hand-painted finish or real wood walnut veneer.
